Open Day 5. If the above link does not work, google The Hamilton Trust, Follow the instructions in the pack. There are lots of activities so just do as many as you have time for.

Learning Project – To be completed throughout the week:

My Family

The project this week aims to provide opportunities for you to gain a better understanding of your family. Learning may focus on how every family is different, what traditions your family has, discussing stories linked to your family etc.

Family Interviews

Choose family members to interview. These could be family members who live in your home or other family members. Write down some questions to ask them. Conduct your interviews and find out as much as possible about your family.

Family Art

Draw or paint a picture of your family. Talk about your picture to a family member.

Self Portrait

Create a picture of yourself. What materials could you use? Can you find different materials around the house to help? [Ideas to support.](#)

Create a Card

Design a card for someone in your family. It can be a birthday card, thank you card or a card to tell someone how much you love them!

Family Tree

Look at photographs of your family members and discuss where they would go on a family tree. Have you met everyone? Is there anyone you could interview and find out more about?

Family Coat of Arms

Find out what a coat of arms is. Could you design a coat of arms for your family? What could go into the design? Think about the colours and shapes. Could they use cardboard to create a shield that the coat of arms could go on?

Family Booklet

Create an information booklet all about your family. Can you name the people in your family and write sentences about them? Who are they? What do you call them? Do they have a job or go to school? What do they like or dislike? Why are they special to you? Maybe you could get a photograph or draw each family member before you write about them.

Data Detective

Collect information on people in your house. What colour is their hair? Eye colour? Favourite colour? Favourite food? Favourite film? Favourite TV show? Collect this information and place in a tally chart.

Family Invitation

Invite a family member to a new family event. Maybe the event could be a party, a talent show, a music show etc. Think about the date, time and place of the event. What will the invitation look like? Who will deliver it?

Movement and Mindfulness

Share the <https://family.gonoodle.com/activities/milkshake> movement and mindfulness video with your family. Did you enjoy this? Which is your favourite treat in the video? Could you create a video of your own?

Additional learning resources for parents/carers to engage with

[Daily live exercise sessions for children at 9am.](#)

Watch [Newsround](#) and find out what is happening in the world.

[Twinkl](#) – Brilliant educational resource used by many teachers. To access the resources on this website you must sign up using your own email address and use the offer code **UKTWINKLHELPS**.

Fantastic kids YouTube channels that encourage fun and engaging learning opportunities:

- [Crash Course Kids – Science](#)
- [Sci Show Kids – Science](#)
- [Science Max – Science](#)
- [GEOgraphy Focus - Geography](#)
- [National Geographic Kids – Geography](#)
- [Kids Learning Tube – General](#)
- [Homeschool Hideout – List of YouTube pages for art tutorials and lessons](#)

There are ideas for activities to do at home with children and also advice relevant to the current situation available [here](#).
